TREE QUALITY.

Our Trees are grown under the personal supervision of experts covering the different divisions of our business. For instance, our Avocados are grown specially for our trade by a propagator of wide experience in tropical fruit culture. The same is true of the Citrus Fruits, the Olive, the Deciduous and Ornamentals. Allowing for these facts, our stock commends itself to all who give it examination and stands second to none for quality.

NOTICE TO BUYERS.

No charge for packing where cash accompanies order, otherwise the same will be done at cost of help and material. We pack with the best of material and employ only experienced help in this department, which insures the safe arrival of stock at points of destination.

Since many varieties are already well booked ahead, we advise all who contemplate doing any planting to get their orders in early, before the assortment is broken and the best grades are exhausted.
